Notice is hereby given that the New Hampshire (NH) Department of Health and Human Services (the Department) is proposing to amend the Title XIX State Plan to increase the Medicaid reimbursement rate for ambulance services to be equal to 50% of the Medicare rate for ambulance services, based on the rate in effect as of June 30, 2022, pursuant to House Bill 1256, Sections 8 and 9. These rates would be effective July 1, 2022 contingent upon Governor Sununu signing this legislation into law.

The fiscal impact as a result of this rate increase is estimated to result in an increase in expenditures for the remainder of federal fiscal year (FFY) 2022 and for FFY 2023 as follows:

Dates of Service	Non-Federal Fiscal Impact	Federal Fiscal Impact	Total Fiscal Impact
Remainder of FFY 2022: 7/1/2022—9/30/2022	\$136,341	\$148,423	\$284,764
FFY 2023: 10/1/2022—9/30/2023	\$545,363	\$593,692	\$1,139,055
